WORKSHOPS

HEALTH & VITALITY IN THE NATAL CHART

Physical health and the tendency for illness or ill health often has a significant effect on the quality of a person's life overall or during particular periods. As a consequence, the experience is flavoured by pain, discomfort and often an overwhelming sense of lack. This workshop will explore the natal indicators for health and vitality overall and determining periods in which these will feature prominently.

Date: Saturday 27 April 2019 Time: 1:30pm - 5:00pm

Presenter: Mari Garcia

THE CHANGING FACTORS OF WEALTH IN THE CHART

Most astrologers do not train to be financial advisors. However, the chart provides hints as to how the vagaries of life might affect the individual's wealth. This workshop explores natal and predictive trends which help to give an insight into how the 'easy' questions which arise first can lead to the second, and more complicated question, of 'Will my finances survive this change?'

DATE: SATURDAY 18 MAY 2019

TIME: 1:30PM - 5:00PM

Presenter: Joy Usher

CYCLES IN NATAL AND PREDICTIVE ASTROLOGY

There are so many Cycles to discuss when we talk astrology. Cycles for individual planets when they release from natal positions and continue to move through the zodiac; the Sun's yearly cycle which creates a new chart with the Solar Return, and synodic cycles like the Saturn Pluto conjunction which will be upon us again in 2020. This workshop explores how each individual experiences a different emphasis on particular cycles according to the patterns within their own charts.

DATE: SATURDAY 22 JUNE 2019

TIME: 1:30PM - 5:00PM

Presenter: Joy Usher

PROFESSION AND STATUS IN THE NATAL CHART

The nature of a person's profession or their ability to have a career is often taken for granted. Using traditional techniques such as Doryphory this workshop looks at the indicators used to determine an individual's potential or ability to achieve status in life or success, to have a meaningful career or to succeed in a profession.

DATE: SATURDAY 20 JULY 2019

TIME: 1:30PM - 5:00PM

Presenter: Mari Garcia

USING TRIPPLICITY LORDS IN NATAL & PREDICTIVE DELINEATION

One of the central tenets of traditional astrology is that you cannot predict anything that is not already nascent in the natal chart. What does this mean? Basically, it means that effective predictive work can only occur if we base it on the individual's chart. As astrologers, we must have an intimate knowledge of the potential and possibilities inherent in a chart before we can make forecasts that are meaningful. In this Master class we will explore the concept of Triplicities and their use in helping us determine the nature of a chart and the qualities of its unfoldment in a given period of time.

DATE: SATURDAY 31 AUGUST 2019

TIME: 1:30PM - 5:00 PM

Presenter: Mari Garcia

EXPERIENCING LIFE THROUGH THE FOUR ANGLES

Meeting the Cross of Matter and understanding its significance – the Ascendant and Descendant, the Midheaven and the opposite point of the nadir – is one of the most exciting experiences for any young astrologer starting out on their journey of knowledge. This workshop revisits each of the four angles in their role as the 'skeleton of the chart', and examines in greater depth the impact on the planets when they rule the Cross of Matter in any given chart.

DATE: SATURDAY 21 SEPTEMBER 2019 TIME: 1:30PM - 5:00PM

Presenter: Joy Usher

ASTRO*CATO*GRAPHY & RELOCATION: MOVING AROUND THE PLANET

Place is an important factor because our sense of place gives us a sense of belonging and security. Conversely, as we move around the planet, some places are more daunting while others are welcoming. Our relationship to place can often be the difference between success and ineffectiveness and this workshop will explore what in the birth chart comes to prominence as a consequence of moving from one place to another.

DATE: SATURDAY 19 OCT 2019

TIME: 1:30PM - 5:00 PM

Presenter: Mari Garcia

TURNING THE HOUSES TO FIND THE PEOPLE IN MY LIFE

The twelve houses in a chart have two levels of meaning. The primary level describes how the first house plays a central role in the chart as the animating principle behind the chart with the remaining houses meeting the native's physical and emotional needs. The second level describes the living sentient beings interacting with the chart-owner, who is still represented by the first house. This workshop explores the possibility of combining the two models in order to gain more information about the people in our lives, as seen through our eyes, and also to find patterns within our chart that draw others into our own life experiences.

DATE: SATURDAY 23 NOVEMBER 2019 TIME: 1:30PM - 5:00PM
